DOOMED TO DIE. - A dispatch from Damng, N. M., says: Within the next few days 67 of the prisoners under arrest for patitoloating in the recent revolt at Ascension, Mexico, will be taken, under a guard of 210 infantry, to Chihuahua for sentence. The jaurney, a distance of over 300 miles, will be made on foot. It is generally understood that Masquez Duran and another captive, who were among the active leaders of the rebellion, are never to reach their destination slive. An opportunity will be given them to escape and while the attempt is be-ing made the men will be shot down like dogs. If they refuse to fall into this trap the leaders will be quietly done away with and report made that they were killed while trying to escape.

Captain William Jones, who was on the Quaker City when that vessel took the Mark Twain "Innocents' abroad in 1857, will command the little Coquette on her long voyage. A crew of eleven men will accompany him. The Coquette is 140 feet long and of 235 tons. She was built three years ago in Newburgh for passenger traffic on the lakes. With the exception of the few pist years spent in his pretty cottage in Astoria, Captain Jones has lived on the ocean.
